October 2018

## OUT & ABOUT at THE SHORES \*October\*

### Projects

**Lagoon:** Great News! The Lagoon Maintenance Project is now underway. The demolition portion of it started on Sept 24<sup>th</sup> and will continue until approximately Friday, Nov 2<sup>nd</sup>. It is divided up into 3 phases with 2 weeks per phase. Following that, will be the installation portion of the project, where a new liner is laid and then covered with a protective layer of concrete. The liner comes with a 20yr warranty. The installation portion should be completed by approximately Dec 31<sup>st</sup>. The landscape portion of the project should start in early March and be completed by early May 2019. Our goal is to have the entire project completed by next summer. I know you have been waiting a long time for this and we sincerely appreciate your patience and understanding.

**Storm Drains:** You probably noticed a few large trucks with hoses working on the storm drains throughout the property. They will be finished within the next few weeks. We are having all the storm drain inlets (20+) and lines inspected and cleaned. So far, so good! We will have this done every 3-5 years since we own the storm drains inside the property. Remember, everything down those drains goes into the ocean so please do not throw any debris into the drains or wash your vehicles on the pavement because all contaminates go into the water.

### Coffee Cart

The Coffee Cart on the pool deck at the Beach Club is closed until further notice. We are reviewing our contract with the vendor and will report back to you as to the future of this operation.

### Meet the Candidates

The candidates for the upcoming election for the City of Coronado will be available for your questions at the Beach club on Tuesday, October 9<sup>th</sup>. A "Mayor's Town Hall" will be from 5:30pm to 6:00pm followed by the City Council Candidate Forum starting at 6:15pm. This event is being organized by the Coronado Shores Community Alliance Group. We wish to thank them in advance for putting on this important function.

### October Meetings
