Projects

Lagoon: As with most construction projects, the Lagoon Maintenance Project has met its challenges. As a result, the new estimated completion date is the end of February for the water feature portion. During January and February, we will start removing some of the old landscaping to prepare for the new plantings. During that time, we will present the new plant palette to the Landscape Advisory Group, made up of a representative from each Building, and then on to the L&R Committee for final approval. Our Landscape Architect, David Reed, will work closely with our Landscape Contractor of nearly 15 years, J. Vitale Landscaping, to help develop that list. Jim Vitale is well versed in what survives, and doesn't survive, in this environment. We even have micro-climates between buildings. What does well on the side of one building may not do well in front of another building.

Our goal is to have the entire project of water feature and surrounding landscaping completed by May, 2019. We will keep you informed along the way. Thank you for your patience and understanding.

Upcoming Events

Beach Club: As reported earlier, we have Dean Z returning this Friday, November 30th, performing hit songs by Buddy Holly, Michael Jackson, and others. The event is already sold-out and we look forward to another great evening coordinated by our Beach Club Advisory Group (especially Phyllis Maas) and our Beach Club staff, led by Sawithia Bowman (aka Sharky).

We also have another great event coming up at the end of the year, our annual New Years' Eve party, which is normally a sold-out event so please get your tickets early.

Happy Holidays

The L&R Committee and staff want to wish you and your family a safe and happy holiday season!
